## Wedding Photography 2010

Mine is a professional, friendly and personal service to give you just the pictures you want, in just the way you want and all in the highest quality. I have a good way with people (absolutely essential on the day) and set myself high standards both when taking the pictures and when editing them ready for your viewing.

All services can be tailored to suit your needs and budget.

### Wedding photography service

#### Normal Service

The normal (full) service is £790. It can be increased or cut down as you require. As priced it includes...

- A meeting to discuss all the important pictures before the day.
- Unlimited pictures including the bride getting ready, the ceremony, the family and guest pictures and the first hour of the reception.
- Editing to perfect all pictures.
- All pictures as proofs on the internet within 2 days and a printed set of proofs for you to keep.
- A traditional craftsman-made album with 20 prints of your choice in colour, black and white or sepia.

Variations to this service are available. Common additions are

- A Graphistudio story book in place of the traditional album. A 25cm x 35cm book with 80+ pictures on 50 pages only adds from £290. These are stunning so take a look on [www.graphistudio.com](http://www.graphistudio.com) to see the huge range of covers and styles available. A complete package with a Graphistudio book is hard to find elsewhere for under £2000. Small versions of the book can be produced for parents and friends.
- A photo shoot of the bride ahead of time for a gift to the groom starting from £60.
- Staying later into the evening adds £30 an hour.
- Extra prints in the traditional album are £5.85 each.
- Prints in the traditional album may be 8"x6" instead of 7"x5" for an extra £2.40 per print.

#### Reduced Service

A reduced service for £350 is available for those on a tighter budget. This includes

- 2 hours of unlimited photos taken at the ceremony and reception
- Editing to perfect all pictures
- All pictures as proofs on the internet within 2 days and a printed set of proofs for you to keep.

With all services CDs can be purchased with either a selection of pictures or the whole set.

All prices are inclusive of VAT.

## Why choose this service?

- Over 25 years experience of professional wedding photography.
- My time is committed. Many hours are put into your pictures even after the event.
- The best prices by far for Graphistudio story books.
- Detailed attention to every photograph.
- A personal service tailored to your needs and discussed directly with you.
- Having seen the samples you know you are getting me, the photographer who took them.
- No limit to the number of photographs taken.
- A balance of formal and reportage (informal pictures as the day unfolds) styles.
- A very competitive price for the quality end of the wedding photography market.
- Extremely competitive prices for reprints and enlargements for you, your family and your friends.
- An efficient yet friendly and personal approach to organising your guests for the formal photos.
- High quality pictures and materials.
- A wide range of picture sizes, albums and other image processing services.
- A variety of presentation styles offered in the album.
- I will never book another wedding close in time to your own.
- I like what I do and want it to be the very best.

## How it works

- If you wish to book then you only need to complete a booking form (which I will send you) and return it to me along with your deposit. The form needs to be signed to show you accept the conditions.
- Approximately a month before the wedding I will come to talk with you about the specific requirements. We make a list of all the photos to be taken. It is very helpful if you have already begun to think of the group shots of family and friends. £300 is due at this time. This is not included in the reduced service but you are encouraged to send details of your preferred groupings and any other requirements well ahead of the day.
- The list will be typed up, arranged into the most efficient sequence and sent to you either by post or email. The list is to make the job easier on the day. It can be altered at any time up to or during the event.
- On the day the photos are taken. I follow the list and take many more of everything else going on.
- Every photo will be viewed and adjusted as needed to get the very best brightness, contrast, colour balance and sharpness. Where necessary unwanted objects (e.g. traffic cones, overhead cables, signs, etc) are removed. For a typical wedding this is about a day's work.
- The proofs are prepared and put on my website. The web gallery is secured by password which has been given to the guests at the wedding. The pictures are also sent to a lab to be printed. On return I mount them in a preview album ready to give to you.
- Within a week the proofs will be ready and I will call you to arrange delivery. This is the time that the balance of payment is due. You keep the proofs forever. There are typically between 80 and 200 proofs.
- Each proof will be marked with a number and a price list will be enclosed. You, and all your friends and relations, can now place your orders for prints. Only now do you choose whether to have a traditional album or a Graphistudio book. You select the album or book styles and the pictures to go in it (20 for an album or 80+ for the book).
- If you have chosen a Graphistudio book then you will receive a preview of all the pages for you to approve before it is produced.
- When the order is ready I will call you. Payment for the photos (over and above those already paid for) is required when they are delivered.

## **Other services**

- Individual and family portraits.
- Parties and functions.
- Recreational interests and hobbies.
- School, club, team and organisation photographs (individual and/or group).
- Commercial (business and industrial) photography.

## **About the photographer**

- I am married with four children. Photography began as a hobby in my early teens and I have had many professional assignments, particularly at weddings, since 1982. Apart from weddings, I am the Photographer for many schools around Medway. Clients for numerous assignments include the BBC, Classic fm, Channel 4, Faber Music and Hillreed Homes.

## **Technical information**

- I use a Canon EOS 5D MkII. This is a digital SLR camera with an image sensor chip of 21 million pixels capable of producing sharp images up to the very largest sizes.
- A Canon EOS 20D (a digital SLR camera with 8.2 million pixels) is used as a back-up.
- A fixed 50mm f1.4 lens and 4 zoom lenses (all Canon) covering focal lengths from 17mm to 400mm enable a wide range of shots from close up to wide angle.
- A Canon Speedlite 580EX flash unit is used even outdoors for softening shadows, filling in light and providing attractive catch-lights in the subject's eyes.
- Images are processed and enhanced on a high spec PC using Corel Paint Shop Pro X2 software. This highly acclaimed latest release of Paint Shop Pro matches Adobe PhotoShop which, until recently, was the industry benchmark.
- The digital images are transferred electronically to a professional laboratory in North London where they are printed on Fuji photographic paper with a fade resistance rating of 150 years.
- Copies of all the images (original, digitally enhanced and the proofs) are stored on two separate hard drives (one internal and one external) and written to CD to minimise any risk of losing them.

## **Conditions**

- The photography services are only considered to be booked on payment of the deposit. Deposits are not returnable.
- The balance of the payment (the agreed price less the deposit and part-payment already paid) will be due on provision of the proofs. For the reduced service the full payment is due on or before the wedding day.
- All rights for reproduction of photographs remain entirely with the photographer. The images will always be legally owned by the photographer. The customer may purchase and own prints from the photographer but these may not be scanned, photographed or copied in any way.
- CD images may be used for personal usage but may not be given, sold or used for profit in any way without seeking copyright permission from the Photographer.
- The photographer may use any images he has taken for his own promotional use.
- The photographer may place any images on his internet web site for the purpose of making them available for viewing by those who attended the event and enabling them to place orders.
- In the very unlikely event of the pictures being lost, destroyed or otherwise incapable of being provided there will be a full refund of any monies paid. The customer agrees to this being the full extent of any claim against the photographer.
- Reprint and enlargement prices quoted at the time of booking will be honoured for any orders placed up to 1 year after the event. After that the prices current at that time will apply.
